

# DANISH DUROC

## TOP PERFORMING HEAVYWEIGHT

Maximum profit for pig producers, slaughterhouses, and the retail sector.

Danish Duroc has a superior high feed efficiency and utilization. With Danish Duroc you get lower feed costs, rapid growth, and high meat quality, all of which means higher earnings in your production.

The animal is the obvious choice as a sire breed for the production of finishers with the Danish Hybrid, LY/YL sows, and impressive results are achieved with this breed combination.

High growth, high meat percentage with tasty and juicy meat.
